DATE COMPLAINT FILED: APRIL 1, 2013

Attorney Barry requests to appear by telephone for the OSC re Sanctions on March 10, 2016, before Honorable Judge Beeler. Barry's leg has worsened. On March 9, 2016, she believes the tendon may have ruptured causing Barry extreme pain to the point she could barely walked as already stated to Her Honor in a prior declaration. While the pain is gone, if she does any walking the ankle and foot become extremely swollen, and the arch of the foot is affected.. She is back to wearing the boot. She wants to advance her ortho appointment from March 31 to an earlier date but she because of her legal obligations, such as doing what Her Honor ordered to be done today, March 23, 2016, which she will do by 4:30 PM, she has not yet done so..

Therefore Barry requests to appear by telephone and will make arrangements through Court Call for the March 24 hearing at 9:30 am..

DATED: March 23, 2016
